

8 August 2019

Dear resident,

We are writing to inform you that we will be having an out of hours collection on Friday 9 August 2019.

The lorry will arrive to site by 3pm which will allow the materials to be loaded onto the vehicle however it will not be allowed to leave the site until 7pm.

The reason for the collection of machinery being done out of our normal working hours is due to the size of the machinery requiring a 'Plant Movement Order' from the Metropolitan Police. The plant is of an abnormal large load that requires a police escort and therefore has to travel outside peak travel times.

We apologise for any inconvenience this may cause. The Morgan Sindall Construction site management team will be on site and we will do our best to minimise the disruptions.

If you have any queries, issues or concerns regarding the work on site, please feel free to contact me on 07976 587 990, alternatively you can email me on Dalia.Islam@morgansindall.com.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'D. Islam', enclosed in a simple black oval outline.
